Disclaimer

Information on this web site is provided for informational purposes only and is not a substitute for professional medical advice. You should not use the information on this web site for diagnosing or treating a medical or health condition. You should carefully read all product packaging. If you have or suspect you have a medical problem, promptly contact your professional healthcare provider.

While First Medical Source (FMS) makes every effort to post the most accurate and reliable information, it does not guarantee or warrant that the information on this web site is complete, accurate or up-to-date. FMS assumes no responsibility for the use or application of any posted material. This web site is intended solely for the purpose of providing the users with general information and convenient access to the data resources. FMS assumes no responsibility for any error, omissions or other discrepancies. Price and availability information are subject to change without notice.

FMS does not provide any advice or counseling, whether medical, legal, or otherwise. If you are seeking advice or counseling, you should contact a licensed medical practitioner, an attorney, or a professional social services agency.

Except as specifically stated on this site, neither FMS nor any of its directors, employees or other representatives will be liable for damages arising out of or in connection with the use of this site, or any product manufactured or distributed by FMS . This is a comprehensive limitation of liability that applies to all damages of any kind, including (without limitation) compensatory, direct, indirect or consequential damages, loss of data, income or profit, loss of or damage to property and claims of third parties.

FMS's web site links to web sites maintained by other entities. Reasonable precautions are taken to link only to web sites which are appropriate, accurate and maintained by reputable organizations. However, those web pages are not under the FMS's control and the FMS is not responsible for any information or opinions expressed in those linked sites.

There are inherent risks in all medical devices, please refer to the product labeling for Indications, Cautions, Warnings and Contraindications. For example, failure to follow the product labeling regarding filling, flow rate selection and placement of the pump and/or catheter could directly impact patient safety. Physician is responsible for prescribing and administering medications per instructions provided by the drug manufacturer.
